

Handsome Harvests

India is the world's largest producer of sugar, sugarcane, fruits, coconut and tea. Self sufficient in food grains, India is also the second largest producer of rice and wheat in the world. Indian sugar plants produce sugar at 25% of European costs.

India is poised to become the world's food basket on the back of a number of government initiatives aimed at promoting investment in the development of cold chains and food processing industries.

Mahyco, India's leading seed manufacturer has one of the world's largest multi-locational, ISO certified networks of more than 100,000 farmers mostly women, across 30 production centres. It also runs Asia's most advanced seed industry Research and Development establishment.
